STEVENS HIGH SCHOOL

One of the most outstanding institutions in our community is Stevens High School. It was founded in 1868 by Paran Stevens, of New York City, whose ancestors had lived in Claremont for many years. Mr. Stevens donated ten thousand dollars, and the town matched his gift by raising fifteen thousand dollars. A committee of five prominent citizens of Claremont was chosen to execute Mr. Stevens' wishes. Accordingly, a two-acre lot was purchased at the corner of Broad and Summer Streets, and the building of the school was commenced. It was ready for occupancy on the First of September, 1868. The total cost of the building amounted to \$27,225.27. Mr. Stevens later made further gifts to the school, including two very valuable life-size oil portraits and a concert piano. At his death the town received a substantial legacy to be used for the continuance and maintenance of the school forever.

Throughout the intervening years Stevens High School has been a powerful influence in the life of Claremont. It has graduated many famous men in all fields of learning, and it has never ceased to be one of the leading educational forces in the state. its sons and daughters have shown real loyalty to it by returning each year for the annual Alumni Reunion, a red-letter day on Claremont's calendar of yearly events.

Today Stevens High School continues to be a vital part in the framework of the newly-created City of Claremont. It is daily preparing the boys and girls of the city for further training in all professions, as well as in the practical arts of living. The school is a veritable powerhouse, for it is not only encouraging learning, but also valuable experience in fair play, cooperation, artistic appreciation, and physical development. The citizens of Claremont are indeed fortunate in having in their midst such a fine school as Stevens High.

To Mrs. June Bucko in recognition of her devoted service as an excellent teacher and esteemed friend, the Staff of the Red and Black gratefully dedicates its year-book.

To the Members of the Class of 1950:

Your class has the distinction of being the eightieth to graduate from Stevens High School. While Stevens is young in comparison to many of our institutions of higher learning, its founding does date back to that period when public high schools were less numerous and to that transition period from the private academy to the public secondary school.

Stevens means a great deal to many people of Claremont and the surrounding towns who have attended the school or who have graduated from it. We hope that it means much to you and that your interest and support will continue.

The spirit and tone of any school year depends upon the ability and willingness of the members of the Senior class to set the standard in scholarship, conduct, and participation in the extra-curricular activities. Your class has measured up to high standards in every respect, and we are truly grateful for your individual contribution to the welfare of the school.

I wish each member of this Class of 1950 the success and happiness which will surely come from careful attention to matters of conduct, from application to the task at hand, and from the desire to improve in ability in one's chosen life work.

Sincerely yours,

Stephen A. Doody

THE SENIOR CLASS OFFICERS

Left to Right: Louis Primmer, President; Robert Densmore, Vice-President; Barbara Jacobs, Secretary; John Hubbard, Treasurer.

THE SENIOR CLASS OFFICERS

The Class of 1950 has been very fortunate in its choice of officers. Louis Primmer was chosen President. Robert Densmore was elected Vice-President. Barbara Jacobs was elected Secretary. John Hubbard was named Treasurer. This class, under the leadership of its active officers, participated in practically every activity of note throughout the school year. The 'Red and Black' of 1950 shows a radical change in yearbook policy at Stevens. Such an undertaking required diligent work and unusual originality, both qualities possessed in a high degree by members of this class. The Senior Class Play, 'American Passport', turned out to be a great success.

If the year 1950 is any indication of the merits of the members of this class, we can be certain that their success in the future is assured.

THE HISTORY OF THE CLASS OF 1950

The seventh of September in 'Forty-six',
We entered the portals of Stevens High,
We found ourselves in a terrible fix,
For (to our despair) we were very shy.

We all roamed around in a constant daze,
While upper classmen went hurrying by,
All we could do was to stand still and gaze,
'Cause they knew where they were going and why.

We next elected class officers four,
President Plant and Vice-President Smith,
Freeman, Secretary and last was Densmore.

We had a welcome from each Sophomore,
And they really had their perfect delight,
With charcoal and lipstick and paint galore,
Yes, we'll always remember that gay night.

To adapt ourselves it did not take long,
And soon we took a very active part,
In all the activities of the throng,
For we really were terrifically smart.

Our 'Vic Dance' was a stupendous success,
And we all had a very merry time,
As our treas'ry was not full to excess,
We added some quarters to our few dimes.

Our pencils and books were then put to rest;
We looked forward to summer vacation,
Hoping that next year we would be the best,
After this uplifting recreation.

Again we entered the school Stevens High,
In the fall of the year forty-seven,
We looked at Freshmen with a knowing eye,
(And believe us it seemed just like heaven).

We then elected our four class leaders,
President Kling; Vice-president Stoughton,
Molly Parrotto took notes for readers,
And Lou Primmer took care of our 'Buxton'.

As other years in this institution,
We certainly wanted to hold our place,
By giving the warm Freshmen reception,
Because we were the ones setting the pace.

Actors and actresses made their debut,
By presenting a play "*The Mad Breakfast*",
It might even have been enjoyed by you,
But only assembly hall saw our cast.

The awaited day for choosing rings,
Now it finally appeared in our view,
With delegates from classes preceeding,
We standardized a ring that was quite new.

Again we looked forward to summer free,
From all of our writing and our reading,
Next year big upper classmen we would be,
It certainly was a pleasant feeling.

We re-entered our school in forty-eight,
We had a different outlook on life,
We'll remember that memorable day,
For it ended our hardship and our strife.

As Juniors, officers we had to pick,
President Hathaway was first of four,
Secretary Jacobs; Treasurer Brodrick,
And our Vice-president was Bob Densmore.

The Junior Prom was our formal affair,
This year we had Mardi Gras for our theme,
Dancing we saw many a happy pair,
It proved to be a very gala scene.

We next flocked to many a baseball game,
For we all wished to watch our classmates play,
They really made for themselves a great name,
They were champions we are proud to say.

The end of the year was now drawing nigh,
We presented the Senior Reception,
To bid the Seniors our fondest good-by,
And begin our new summer vacation.

As Seniors we now went back to learning,
In the year which was nineteen-forty-nine,
This was the one for which we were yearning,
And it proved to be an eventful time.

This year Louis Primmer was our class head,
Our Vice-president was Robert Densmore,
Hubbard tried keeping us out of the red,
Secretary Jacobs was last of four.

A new activity to Stevens came,
We hope it will always be carried on,
The debating team it was by it's name,
They certainly knew their pros and their cons.

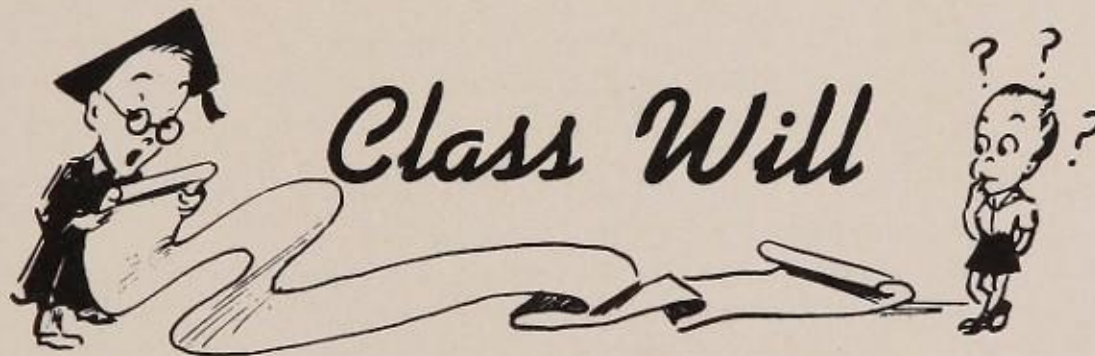

Our only dance in this great Senior Year,
Was the annual for the football team,
We hailed them all with the heartiest cheer,
To a new and very different theme.

"American Passport", the Senior Play,
We hope it was enjoyed by all of you,
It is not forgotten even today,
The seats left those two nights were very few.

The "Red and Black" was our pride and our joy,
It was a little different and new,
We certainly worked on it' hard, O Boy,
And we hope it appeals to all of you.

And so we say to dear old Stevens High,
We love you very dearly, yes we do,
And today as we bid you our last good-by,
We say that we shall never forget you.

THE PROPHECY OF THE CLASS OF 1950

EMLYANN INGRAHAM

FLASH! - KINDU, AFRICA INFESTED WITH WHITE MEN

Kindu, June 14, 1975 (AP) - *The Daily Kindu News* reports its tiny settlement of Kindu has been suddenly infested by white men from the United States. The Kinduans are in a frenzy BUT - have they taken a gander at the situation of the United States?? It's desperate!!

The President of the United States, Vivian Colby, reported a national crisis. The men have suddenly left the country. Why??

It has been running smoothly. Since Mary 'Lewis' McGuirk has taken over the mines, there have been no strikes. Jane 'Powers' Stoughton has artfully continued for years (and still does) to fill our magazines with such prominent Broadway Beauties as: Richard Plant, Roger Currier, Cedric Hathaway, and William McLaughlin. When you turn on your radio to the Alice Howe Hour, you will still hear the mellow voices of Skip Smith and John Rawson, crooning your favorite melody. Still our movies produced by Dearborn, Egbert & Root Studios charm the screen with such age-old characters as Gardner 'Mickey' Chase and Sidney 'Elmer' Shulins. The noted art studios of Jean 'Rockwell' Goodrich and Betty 'Parish' Freeman are still trying to find a millimeter of space upon which to hang more sketches or drawings of Forrest Short, Ray Smith, Wendell Davis, Paul Obymarko, and John Bourdon, our most popular subjects of art. These things still are, but will not be if something is not done about our national crisis. We have sent Howard Gellis, our most famous diplomat, to bring them back, but the last report said our honorable diplomat was swayed instead.

The American people are willingly doing their best to correct their misfortune. The wealthy heiress's Lucille Buswell, Alice Hansen, and Jane Wojceshonek have given their entire fortunes toward this great cause. Much to my disappointment a fourth heiress, Florence Luce, who has become a strict old maid, refused to give a cent, but was filled with jubilation at the thought of man becoming extinct. With difficulty, our famous museum of Jerard & Leslie are devoting their time to collecting rare specimens of man which still remain here in order to prevent them becoming extinct. If any trace is found of Melvin Economou, James Chapman, William Kebalka, or John Wiggins, notify the museum at once. These are the rarest of specimen. I have just received a wire from the metropolis of Claremont, New Hampshire, that the local chapter of the Wolverines, headed by Claire Burrell, has located Gordon Burr, Ray Wesoja, and Leon Bresette - missing since 1970. Dame Rumor says they have been hermits in the hills of Vermont. The Vice-President of the chapter, Verna Chapman, said they have John Kowalczyk, Edward Quimby, and Harold LaValley, some of the most common of the specimens. She continued to say that Carol Longbottom, Suzan Pratt, Betty Verboncoeur, and Mary Jangel, their Private Investigators, are on the watchout for more.

The President met with her cabinet: Nancie Cummings, Secretary of Labor; Shirley Pullen, Secretary of Agriculture; June Eaton, Secretary of Defense; Norman Green, Secretary of Commerce; Barbara Jacobs, Secretary of the Interior; Charles Hutcheon, Post-Master General; and Shirley Heath, Attorney General - to take action yesterday. Reports

have it that the Senate, headed by Senator Barbara Eastman, voted \$2,999,999,000.99 for ships and material to take to Kindu so as to recapture the disappearing men. In the House of Representatives, Mary Flanagan drew up a bill to prevent any of the remaining men from leaving the country.

Please don't get me wrong, not all of the men have left the United States. A few 'common-tatoes': Russell Baldwin, Gordon Dole, Michael Baker and Zenon Soboll - have remained loyal, attempting to bring our depleting male population back to normal with the aid of Robert Crossman and Robert Delaney, foreign reporters in Africa. Besides these, our foreign correspondents: Olga Jaroszewicz, Priscilla Holmes, Georgia Boardman, Mary McNamara, and Louisa Thalasinis - have persuaded their associates: Donald Hildreth, James McElreavy, Douglas White, and Robert Dahms to remain here in the states to continue their translation of baby talk.

This morning the first fleet of ships sailed for Kindu to take action. Admiral Barbara Angus reported that there were a thousand ships in the fleet which are commanded by Geraldine Gibbs, Barbara Fontana, Marilyn McNamara, Kathryn Reynolds, and Stella Polizou. This is where I came in, for my boss, Louis Primmer, Editor of the *Daily Bugle*, ordered me to Kindu to see what I 'kindu' about the situation in Kindu. I flew out of the office leaving our top stenographers: Jaska Sammon, Molly Parrotto, Barbara Wentzell, and Janet Spooner - in a dither wondering what was up.

At noon I reached Cape Town, Africa, where Patricia Benoit and Frances Gintowt met me so as to continue in my company to view the situation. We took a camel train which was run by Roy DeVoyd, Nyron Wheeler, Ralph Lizotte, and Arthur Brown. When we were within ten miles of Kindu, we were overtaken by a group of bandits, and among them were some recognizable faces: Albert Lawrence, Ronald Smith, Clifford Bourgoine, and John Hubbard - who took us prisoners and dragged us off to their leader, Lawrence Mark. He decided we were of little importance so dropped us off in the middle of a jungle. With no idea of what direction to take to Kindu, we wandered into a tribe of unfriendly natives lead by Leonal Baker and Richard Sandersan, and again we were taken prisoners to their Great White Master, Robert Densmore. He was not as kind as our previous captors, for he locked us in a jail guarded by Richard Brodrick and Peter Kling. Within an hour we saw our executionist, Thomas Whitney, coming for us. Here was our finish

BANG! BOOM! CRASH!

O-o-o-h, what's that?? The floor! What a dream! Was that date June, 1975?? But this is still June, 1950. Never again will I listen to Gabriel Heatter's predictions of women's growing superiority or Senator Gillets's proposed amendment to the Constitution establishing equal rights for women.

THE CLASS OFFICERS

The members of the Junior Class have been extremely active in all the extra-curricular activities in school and have been very fortunate in having as class advisor this year, Mr. Albert Gaughier. Although realizing it is a difficult task to follow in the footsteps of the present Senior Class, the Junior Class, after three enjoyable and happy years, is eagerly awaiting their Senior year at Stevens High School.

With Wayne Barter as class President for two years, the Sophomore Class is fast assuming an important place in Stevens High School. Members of the class are already playing a prominent part in school athletic and musical organizations and have had as their advisor during this year, Mrs. Alice Schriber.

The Freshman Class, after surviving it's rigorous initiation last fall, has now become a well organized group under the capable guidance of Mr. and Mrs. John Hibbard. If the Freshmen keep their present class enthusiasm during their remaining years at Stevens, they will be a decided addition to the student body.

SITTING: Robert Vail (Advisor). STANDING, Left to Right: Marilyn Wheeler, Clement Garneau, Nyron Wheeler, Richard Whitney, Wayne Barter, Cedric Hathaway, Harry Parsons, John Parker, Louis Primmer. (MISSING: Robert Dahms.)

THE STUDENT COUNCIL

The Student Council of 1949-1950 has undergone a few changes. A new constitution has been put into effect limiting the number of members to ten. There are four Seniors, three Juniors, two Sophomores, and one Freshman, all elected by their respective classes. In September of this the second year of the Student Council at Stevens, officers were elected as follows: President, Lou Primmer; Vice-President, Cedric Hathaway; and Secretary, Nyron Wheeler. This fall the Student Council was occupied with trying to bring more support to the football games. Posters were made by some of the students, and a very successful rally was staged the night before the Towle-Stevens game. Something new has been added. For the first time the Council sponsored a Christmas dance. Included in the program was a two-act play called "*Miss-Cue*" and written by Bob Bonneau. The Christmas dance idea proved very successful for us, and we hope that we have set a precedent for future years. We have been very ably advised by Mr. Vail, and we thank him very much for his guidance in our activities.

SITTING: Aletha Childs (advisor). STANDING, Left to Right: Melvin Economou, Robert Dahms, Jane Stoughton, Barbara Jacobs, Patricia Benoit, Louis Primmer, Sidney Shulins.

THE ASSEMBLY COMMITTEE

During the 1949-1950 school year, the Senior Assembly Committee has brought to Stevens High many excellent assemblies of many types. The Committee was ably led by Jane Stoughton, chairman. The faculty advisor was Miss Aletha Childs.

The Assembly Committee has brought to Stevens assemblies in sports, science, and aviation. Plays were presented by every class. Many excellent speakers, good musical programs, and films have been enjoyed by all. Exchanging assemblies with neighboring towns was a big highlight of the year.

The Assembly Committee has done much to bring programs that have strengthened both the social and educational aspects of high school.

THE "VOICE OF STEVENS"

The "Voice of Stevens", the official bi-monthly journalistic publication of the school, has again had a most successful year under the leadership of Editor-in-Chief, Robert Densmore. The usual five issues were published and were well received by the faculty and student body. The helpful advice of Mr. Ewing, the interest of Mr. Doody, and the financial backing of local merchants and professional men were all contributing factors towards the success of the paper. As in former years, the paper included news of such school activities as sports, music, dramatics, debating, dances, clubs, and other events of general interest to all. The students are to be complimented on the interest which they have shown in the paper. It is hoped that the "Voice" will have as profitable years in the future.

THE JUNIOR LIBRARIANS

The Junior Librarians are students from all classes who give their time to help in the library under the supervision of Miss Tremblay, the school librarian. Among their duties are those of shelving, mending, filing, charging and discharging books, and caring for the library. They help during activity periods, study periods, at noon or after school.

The meetings of the Junior Librarians are held on Tuesday afternoons after school. A picnic in June concludes the year's work.

Among the outstanding activities were the Dartmouth-Cornell game, the New Year's Eve Dance, and the annual conference held at Laconia this year.

Throughout the year we enjoyed speakers and socials with the Boys' Hi-Y Club.

During the year the club went to a Dartmouth football game and sent representatives to the Older Boy's Conference at Manchester. Many socials were held with the Tri-Hi-Y Club. The story of "American Passport" concerns the American father who is greatly concerned about the "Trojan Horse" and suddenly finds that he is, to quote his own words "feeding three of her ponies in his own home". Thomas Whitney took this role. Playing opposite him as his wife was Bette Jean Freeman. Robert Densmore played the role of his leftist son, and Barbara Angus was the daughter. Barbara Eastman had a splendid comedy role in the part of Mrs. Schwartz, a 100 per cent American neighbor. Barbara Jacobs and Richard Brodrick provided the love interest and brought into the play the solid common sense of the true American philosophy. Claire Burrell played the part of the typical kid sister. Crotchety but lovable Aunt Jen was played by Mary McGuirk. Ed Hamilton's boss was played by Howard Gillis.

This play, woven from the fabric of today's problems and today's challenges, touches

on profound questions facing the youth of America, yet delightful heart-warming laughter and the dry humor of everyday American life bind it together. It is a play that will be long remembered by every member of the large audiences that attended "American Passport".

THE DEBATING TEAM

The Debating Team, under the supervision of Mr. Vail and Mr. Paquette, has had a very good start here at Stevens. This is the first time that there has ever been a debating team at Stevens, and the pupils who have participated in it have shown much in the way of oratorical ability. Later in November a team consisting of Howard Gellis, Nyron Wheeler, Thomas Whitney and Peter Kling, went to Dartmouth College in Hanover to participate in the Interstate Collegiate Debates. Since this was our first out-of-town debate, we did not know what to expect from our opponents. Stevens made a good showing, however, and won three out of eight debates. The national debating topic of the year is *"Should the President of the United States be Elected by the Direct Vote of the People"*. The Stevens affirmative team consisted of Gellis and Wheeler, while the negative team was composed of Whitney and Kling. A team consisting of Barbara Angus and Emilyann Ingraham is now preparing to join the group so as to be ready for later debates in the spring.

THE BOWLING TEAM

Introduced as a new addition to the general activities program at Stevens High School this year, bowling has proven an interesting pastime for the sixty or more girls and boys participating. The season started in mid-October and ran into March.

The eight-team Girl's League used such names as Peppermint Sticks, Spice Drops, Jelly Beans, Canada Mints, Fudge Squares, Chocolate Bits, Lollipops, and Bonbons. The Boy's League of four teams went under the name of Aces, Kings, Jacks, and Deuces.

Appropriate prizes were awarded this spring to the champion team and to those holding the season's high average, high single string score, and the high double score. As a climax to the regular matches, a tournament was scheduled to determine the high school bowling champion for 1949-1950.

Albert E. Gauthier served as faculty sponsor and director.

THE DISTRIBUTIVE EDUCATION CLUB

The Distributive Education Club was founded in order to give pupils an opportunity to meet out of class periods and to learn how to conduct meetings. Their main objective is to plan and finance a trip to Boston to study large store organization.

Meetings are held during activity periods because students work in the afternoons.

Left to Right: Connie Costello, Claire Burrell, Patty Patenaude, Barbara Fontana, Shirley Pullen, Jackie Palmer, Lois Bryant.

THE CHEERLEADERS

Resplendent in their new uniforms and capably led by Barbara Fontana, these girls have done much to keep the school spirit alive. They have gladly given up their activity periods in order to perfect old and new cheers. Starting early in the year to organize school spirit, the girls have led the student body in various rallies. We greatly appreciate the efforts of the girls and are certainly proud to be able to say they are from Stevens.

THE FOOTBALL TEAM

The 1949 Stevens football team, which was capably led by Captain Dick Plant, experienced quite a ~~successful season~~. Out of the nine games listed on the schedule, ~~the team came through four~~ victoriously including the Armistice Day classic with Towle. Throughout the entire season the traditional Stevens ~~spirit was quite evident~~ despite the unusually tough schedule. Many of the boys received minor injuries during the season, but only one was seriously hurt.

Out of this year's team there are nine lettermen returning next season. Along with the other capable reserves and their fighting spirit, we know they will produce a great team.

THE BASEBALL TEAM OF 1949

Last year, supported by the sensational pitching of Phil Kaminsky and Harry Marshall, and the long-ball hitting of Bob Angier, the Red and Black won the New Hampshire State Baseball Championship. The first game of the campaign was with Bellows Falls. Prince Phil hurled a one-hitter to shut them out 11-0. From that day, the 23rd of April until June 4th, the Parkermen never tasted defeat, winning seventeen straight for a new school record. After losing number eighteen to Keene, the boys got right back on the win trail by defeating Newport 6-1 and continued to the tournament. There, the Parkermen white-washed Newport 14-1 in the semi-final, and, on June 11, the Red and Black came from behind to tumble a cocky Keene team 2-1 in what proved to be one of the best games played in the Twin State Valley all year. This gave the boys a record of twenty wins against one defeat, and gave Coach Parker a great present, the State Championship, on his 25th anniversary as baseball coach.

THE VARSITY BASKETBALL TEAM

The year 1949-50 once more found Stevens High in its rightful place among Class 'A' teams in the State. Losing some but winning more, the team totaled a greater number of wins than in the three previous years combined. The group worked precisely and well, a smoothly organized machine drilled with precision. Although team work was the match word, each individual player had a right to his own glory. The particular style of characteristic shots during breathless moments that seemed to be the rule this season, will long be remembered by numerous and devoted Stevens fans. Coach Vail has had a good year in basketball, successful in winning and, what is more important, in forming and developing in the youth of Stevens the desirable traits and habits to be gained from participation in athletics.

Left to Right: Theodore Rouillard, Manager; Albert Leahy, Manager; Richard Brown, John Jamroz, Leonard Buswell, Fred King, Ronald Belair, John Goodrich, Roger Wilson, Robert Vail, Coach; Weston Page, Coach. FRONT ROW, Left to Right: Charles Leahy, Robert Simpson, Richard Guilmette, Frederick Dansereau, Lawrence Whipple, Otis Wentzell, Richard Whitney.

THE BOYS' JUNIOR VARSITY BASKETBALL TEAM

The squad was made up mostly of Sophomores and Juniors, and it is hoped that the experience gained by these boys will enable them to fill the shoes of the graduation riddled varsity next year.

A unique feature of Mr. Vail's program was the establishment of an interscholastic Junior High squad. Two teams, one of seventh and eighth graders, and a Freshman team played a regular schedule against teams from nearby towns. Their record was excellent. They won better than 75% of their games. Richard Sanderson coached these teams and did a great job in developing the ability of these younger boys. Without doubt, we will be seeing many of this group wearing the Steven's Red and Black in the near future.

BACK ROW, Left to Right: John Hibbard (Coach), William McLaughlin, Russell Baldwin, Charles Hutcheon, Peter Kling, Robert Dahms (Manager), Cleve Thibeault, David Penniman, William Batchelder, Chester Heath, John Severens, Ernest Smith. FRONT ROW, Left to Right: Arthur LeClair, Louis Primmer, Donald Gerard, Donald Gaudreau, Norman Wakeman, Robert Schneider, John Goodrich, Leon Bressette, Arthur Brown.

THE SKI TEAM

About twenty boys from all four classes in Stevens reported to Coach Hibbard for their ski assignments. The ski team was also given instructions on the proper way to care for skis and ski boots. This year the squad had the good fortune to have among their number some former lettermen. They are Captain Bill McLaughlin, Bob Dahms, Russ Baldwin, and Pete Kling. Coach Hibbard is planning to develop some jumpers and a few cross-country men. These are the phases of skiing on which the team fell down last year. The team was managed by Bob Dahms, and Donald Gaudreau was his assistant. The team had the good fortune to be coached by Mr. Hibbard, a very fine skier, who skied four years in high school and three years on the Varsity at the University of New Hampshire.

STANDING, Left to Right: George Disnard (Coach), Frederick Dansereau, Harry Parsons, Homer Hamlin, Russell Currier, Robert Hansen, Cedric Hathaway, Richard Guilmette, Leonard Buswell, Richard Brodrick. SITTING, Left to Right: Robert Simpson, Donald Hildreth, Denny Verboncoeur, Conrad Martell, John Jamroz, William George, Richard Zerba, Joseph Marro. (MISSING WHEN PICTURE WAS TAKEN: Robert Densmore, Manager).

THE CROSS-COUNTRY TEAM

One of the important minor sports at Stevens is the cross-country team. The boys who make up the team are unsung heroes, and they deserve much credit for their contribution to the extra-curricular life of the school. This year, under the coaching of Mr. George Disnard, the boys were entered in three meets, one of which they won. In all three meets Stevens placed first. Most of the boys out for cross-country were training for the approaching basketball season, and it is safe to say that much of the success of this year's basketball team was due to cross-country training as three of the starting basketball five were cross-country men.

THIRD ROW, Left to Right: Patricia Smith, Hilda Converse, Beverly Favreau, Sylvia Chapman, Leona Bugbee, Phyllis Lord, Marion Plant, Jean Primmer, Grace McKenzie, Betsy Severens, Janet Chamberlain, Beverly Jacobs, Jean L'Heureux, Phyllis Steinfield. FIRST ROW: Evelyn Mayotte, Mary Mayotte, Sally Townsend, Joan Whitney, Janice Egbert, Janet Bartlett, Joyce Longbottom, Geraldine Kittredge.

THE HOCKEY TEAM

Although the girls did not win any of their games this year, they certainly showed excellent spirit in playing. The team traveled to Newport and would have gone to Hanover if weather had permitted. There will be quite a number returning next year to make up a strong Varsity Team. The Junior Varsity played four games and were victorious over one of their opponents.

THE GIRLS' VARSITY BASKETBALL TEAM

The varsity girls have had a very successful season this year. Long hours of practice have improved their skill since the season opened.

The team is composed of Juniors and Seniors. This year they have journeyed to Lebanon, Bellow Falls, Newport, and Hartford, and eight games composed their schedule.

New rulings include: Continuous dribbling of the ball and taking the ball out-of-bounds after shooting a foul shot.

Stevens

"GLORY TO STEVENS"

Glory to Stevens,
Loyal we sing.
Now all together,
Make the echoes ring for Stevens,

Our Team's a Winner;
We've got the stuff.
We wear the Stevens' Red
And that's enough.

Left to Right: Mary Gary, Coach; Grace McKenzie, Sylvia Chapman, Pauline Gouin, Janet Couture, Jean Valliere, Joan L'Heureux, Janet Fecteau. FRONT ROW, Left to Right: Jane Hird, Beverly Favreau, Lorraine Champagne, Captain; Linda Nolin, Lucinda Nolin.

THE GIRLS' JUNIOR VARSITY BASKETBALL TEAM

The Junior Varsity team is composed of Freshmen and Sophomores. Even though they haven't won all their games, they have had a successful season. These girls show excellent possibilities for future Varsity teams.

This year there have been some new rulings. In previous years girls have been allowed to double dribble; now unlimited dribbles are allowed. After shooting a foul shot, the ball is taken out-of-bounds - these changes add to the excitement of the game.
